Morningside Academy Learning Guarantee Summer School 2020

Through the enrollment screening process at Morningside Academy we accept only students who we believe will benefit from our instructional methods. For all students, including those not eligible for the learning guarantee, Morningside Academy agrees to monitor academic progress and make changes in instructional programs as needed.

The subject matter skill area of greatest deficit will be determined upon enrollment using a combination of norm-referenced, standardized achievement tests, Curriculum Based Measurement (CBM), and Morningside program tests. We will provide partial or full tuition reimbursement for students not making 5 months growth in the skill area of greatest deficit, depending upon your child's post-test performance.

For eligible students performing at least two years below grade level, Morningside Academy agrees to provide quantified evidence that your child made substantial progress, the equivalent of 5 month's growth in four weeks, in the subject matter area of greatest deficit (i.e. reading, writing, math). If after 1 week of instruction your child's teacher determines that "learning skills" are the skills of greatest deficit and not the subject matter, Morningside Academy will provide evidence that your child's learning skills have improved over the four weeks instead of skills in the subject matter. Learning skills include following teacher directions, attending to instruction, responding to instruction, social skills or other such skills that interfere with student learning. Improvement in learning skills may also result in 5 months gain in the subject matter of greatest deficit, however we will not guarantee that.

To be eligible for the learning guarantee, the following criteria must be met:

- The student must test during the testing dates available such that they do not miss instructional time. Testing dates are as follows: Saturday, May 2nd, Saturday, May 16th, and Monday, June 8th.
- The student must be performing at least two years below grade level in the skill area considered for the learning guarantee. Students who have just completed kindergarten, first or second grade are not eligible for the learning guarantee. Students below grade 3 often do not demonstrate reliable test performance.
- The student receives instruction in the skill area determined to be the skill of greatest deficit through academic assessment at Morningside Academy.

- The student attends Morningside Academy to study the skill of deficit every morning session for 4 weeks. Afternoon enrollment does not qualify for the learning guarantee, however we encourage students to study a second skill area in the afternoons.
- The student has no more than 2 absences during the four-week session. Note that three tardies count as one absence. A student will be considered tardy if he or she is not present by 9:25 a.m. for the morning session or leaves before 12:10 p.m.
- A parent or other primary caregiver attends the training at the beginning of the summer school session on how to read and provide support for the Morningside Daily Report card.
- The Morningside Daily Support Card is reviewed each day by a parent or other primary caregiver, according to the guidelines outlined in the Morningside Daily Support Card training.
- The student does not have a handicapping condition (e.g. mental retardation, autism, Asperger's syndrome, traumatic brain injury, seizures, bipolar disorder, or any other physical, developmental, or learning disabilities such as language delay, and auditory processing problems) that renders one year's growth unlikely.

If you have any questions regarding the Learning Guarantee please do not hesitate to contact Julian Gire, School Psychologist, at (206) 709-9500.

- Yes, My child will be enrolled for four consecutive weeks and I would like my child to be considered for the Learning Guarantee.**
