Summer School 2020

"Teaching is adjusted until the student is successful. No one falls through the cracks. Practicing skills until they are fluent may be the most important part of what we do. Speed and accuracy together is what 'fluency' is all about."

We're excited to announce that this summer, Morningside Academy will offer both in person and remote classes!

With Morningside's remote summer classes, students will have a full 165 minutes of LIVE, group instruction! No homework packets and no homeschooling! All they will need is a device with video and keyboard capabilities.

For in-person sessions, we're carefully following the guidance of the Governor's office and local health officials to provide the safest possible environment. Please know that we will send out updates as things progress.
