

Morningside Academy

Student Disaster Preparedness Kits

Morningside Academy requests that all students have a Disaster Kit that will be stored with us. This is a precautionary measure in case there is an emergency situation during school hours. You have the option of providing a homemade kit for your child or purchasing a Disaster Kit, available online at www.emprep.com, REI, The Red Cross, and many other providers.

Kits should include the following **in a gallon-sized Ziploc bag**:

- Nutrition Bars
- Tissues
- Waste Bags
- List of Emergency Contact Phone Numbers
- Poncho
- Emergency/Survival Blanket
- Glow Stick
- Hand Warmers
- Family Pictures and/or note from guardians (optional)

Please do NOT include:

- Water bottles. Morningside Academy keeps reserve water on hand. Your kit may have emergency water packets, but please no bulky bottles.
- Prescription medications. If Morningside Academy administers prescription medication for your student, please make sure to turn in at least two weeks' supply at our Front Desk and replenish as needed.

Thank you for your cooperation!

Please Bring Your Disaster Kit the 1st Day of School
