

Morningside Academy Extended Day Activities

Fall 2026: September 21st - December 17th

We offer a great variety of after-school activities to Morningside Academy students! [Please review the extended day options below.](#) You'll find the program details in the chart on the following page. Note that there are no extended day classes on Fridays, during Professional Development days, conference weeks, and school closures. All classes are open to all ages.

To enroll, please complete the [Extended Day Sign Up google form](#). Payment will be collected by our Accountant at the end of each quarter. For all after school activities, we ask that students remember to pack an extra snack and reusable water bottle!

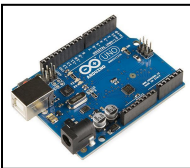

Monday - Yoga and Social Skills Enrichment

Join instructor Sylwia Mazur Johnson for this engaging after-school program that blends movement, mindfulness, and social learning to help students build confidence, emotional awareness, and positive peer connections. Each session includes yoga-based activities, breathing exercises, and interactive social skills lessons using games, storytelling, and teamwork. Students will explore self-regulation strategies, communication tools, and friendship-building skills—all in a supportive and playful environment tailored to their developmental needs. This class is open to all ages.

Tuesday - Games, Comics, & Worldbuilding

Join art teacher, Marijke, for a deep dive into the art of games, comics, and worldbuilding. Learn about character design, draw your own comics, create fantasy maps, character sheets, dice towers, and playing cards; and even design a game with multiple levels. And of course, we will *play* some games, too!

Wednesday - Young Engineers: Smart Device Lab

Ever wondered how a key card unlocks a door or how a garage knows your family's car is pulling in? Now it's your turn to build smart devices and find out! Join us for this hands-on, low-screen engineering course. Students become inventors as they build and program exciting smart devices that move, react, and solve real-world problems. Working both independently and with classmates, they'll design creative solutions and discover how engineering and computer science come together to power the technology they see every day. Projects include an automatic garage gate that detects approaching cars, motion-activated gadgets, and other inventions using an Arduino Microcontroller (think a small computer on a single chip), motors, sensors, and coding. As students bring their ideas to life, they'll develop the confidence to tackle open-ended challenges and think like engineers. Through teamwork and problem-solving, they'll discover that they can create technology, not just use it, while making new friends who love building amazing things, too. **This is a 75-minute class.**

Thursday - Art Club

This is a student-led after school club for kids who love being creative. We will have shared visual art supplies for everyone to use. Each day will have a mini-challenge to get started, lots of time for kids to work on chosen projects, and share-out time to celebrate what we are all making. Kids are encouraged to bring projects and/or supplies from home to work on with art teacher Marijke's support!

Morningside Academy Extended Day Activities

Fall 2026: September 21st - December 17th

Class Details

Day	Activity	Time	Dates Offered	# of Classes	Fee*	Teacher/Student Enrollment
Monday	Yoga & Mindfulness	3:45 - 4:45	Sept. 21 Oct. 5, 12, 19, 26 Nov. 2, 9, 16, 30 Dec. 7, 14	11	\$368 (\$33/class)	Sylwia Mazur Johnson Minimum: 3 Maximum: 12
Tuesday	Art: Games, Comics, and Worldbuilding	3:45 - 4:45	Sept. 22, 29 Oct. 6, 13, 20, 27 Nov. 3, 10, 17 Dec. 1, 8, 15	12	\$365 (\$30/class)	Art Teacher Marijke Keyser Minimum: 4 Maximum: 15
Wednesday	Young Engineers: Smart Device Lab	2:45-4:00 75 minutes	Sept. 23, 30 Oct. 7, 14, 21, 28 Nov. 4 Dec. 2, 9, 16	9	\$380 (\$37.50 /class)	Coding with Kids Minimum: 4 Maximum: 8
Thursday	Art:	3:45 - 4:45	Sept. 24 Oct. 1, 8, 15, 22, 29 Nov. 12 Dec. 3, 10, 17	10	\$305 (\$30/class)	Art Teacher Marijke Keyser Minimum: 4 Maximum: 15

****There is a \$5 admin fee added to each class enrollment. This fee helps offset admin costs of facilitating and billing for extended day classes.***

*****Students are expected to handle technology responsibly. If an item is lost or damaged beyond normal wear, families may be charged for repair or replacement.***
